

AMENDMENTS

The priority claim:

In the section "reference to related applications", please delete reference to provisional patent applications 60/061,766 and 60/061,662. Applicant hereby withdraws claim for priority under 35 USC § 119(e) to these applications.

In the specification:

In Example 6 in the paragraph referring to Figure 5 (page 58, line 2), delete "(Figure 1, Group 1) and substitute therefor -(Group 1)--; delete "(Figure 1, Group 2)" and substitute therefor -(Group 2)--.

In the claims:

Please make the following amendments to the claims:

10. (Amended) The method of claim 1, further comprising [the step of] removing any residual tumor at or around the site of the [implanting of the] second cell population at a time subsequent to [step c] when the second cell population is implanted.

16. (Amended) The method of claim 13, further comprising ~~[the step of]~~ removing any residual tumor at or around the site of the [implanting of the] second cell population at a time subsequent to [step c] when the second cell population is implanted.

19. (Amended) A pharmaceutical composition comprising alloactivated lymphocytes allogeneic to leukocytes in a cancer [patent] patient packaged with information for the treatment of the patient according to the method of claim 1.
